

## Activity One: a) Stairway to Success

### Instructions

1. Read the events displayed in the box below.
2. Each person works alone to decide quickly what order these events would occur from the present moment at number 1 and the final goal being number
3. With a partner or a small group compare lists and come to an agreement of the order together you think is best.
4. Fill in the events on the steps on 'your staircase' and in your group or with the whole class, decide on appropriate dates/months or years when these might be achieved. (For instance, if you decide to take a 'Gap Year', that will make a difference to the time you would be able to achieve the next step).
